

State Requires 25% Reduction In Water Use Residents And Businesses Urged To Conserve Water

The State is in the midst of a four year drought and its water supply has reached alarmingly low levels. On April 1, 2015, Governor Jerry Brown issued an Executive Order mandating cities to reduce water usage by 25% below the amount used in 2013. The State Water Resources Control Board adopted an emergency regulation on May 5, 2015 requiring an immediate 25% reduction in overall potable urban water use statewide. A 25% savings in potable urban water use amounts to more than 1.2 million acre-feet of water over the next nine months. To put things in

perspective, reducing water by 25% in Signal Hill is equal to 87 million cubic feet or the equivalent of filling up 27 Costco stores with water.

What are we doing locally? The City Council adopted a water conservation ordinance in 2009 and declared a Level 1 Water Supply Shortage. On May 19, 2015, the City Council adopted a Level 2 Water Supply Shortage. This water conservation program starts immediately. What does this mean to you?

- Water lawns and landscaped areas only twice per week, Monday

and Thursday. To minimize evaporation, watering is prohibited between 9:00 a.m. and 4:00 p.m. Watering is limited to 15 minutes watering per day per station. Let your neighbors know if they have broken sprinklers. All irrigation and household plumbing leaks must be repaired within 48 hours.

- Refilling of more than 1-foot and initial filling of residential swimming pools or outdoor spas with potable water is prohibited.

Farfsing is Retiring After 19 Years of Service in Signal Hill

Ken Farfsing is retiring after 19 years as the City Manager for the City of Signal Hill and 37 years of serving the public in five Southern

California cities. During this time, much has been accomplished in the City. Since 1996, the community has grown by over 830 homes and added 2,800 residents. With the direction of the City Council, Ken has guided the development of three major commercial centers; Town Center North, Town Center West, and the Signal Hill Gateway Center. The development of these centers brought the City's second Home Depot, Food 4 Less, Petco, and Ross Dress 4 Less. The City has also experienced tremendous growth in restaurants with the addition of the Black Bear Diner,

Applebees, Chipotle, In-N-Out, and Delius.

The Signal Hill Auto Center has expanded during Ken's tenure. The automobile dealerships that have been added are Mercedes Benz and Boulevard Cadillac. Long Beach BMW is currently expanding its dealership. The Signal Hill Auto Center has outperformed and outlasted dozens of local dealerships that collapsed during the Great Recession.

When Ken came to Signal Hill in 1996, there were only 3 parks. During the last nineteen years, five new parks have been added; Hilltop Park, Discovery Well Park, the Sunset View Park, Raymond Arbor Park and Calbrisas Park. The City will be completing another view park on Cherry Avenue and Burnett Street and a dog park on California Avenue in 2015-2016. The City recently opened its first community garden. These parks and open spaces have helped to improve the

quality of life for residents of Signal Hill and the region.

The community has been served during this time by the finest in public safety services, including the City's Police Department and Los Angeles County Fire Department. The Police Department's budget has grown from \$4.3 million in 1996 to \$8.1 million today. Since 1996, six new police officers and public safety programs have been added such as the Park Security Program and the new Police Station.

Ken's contributions have helped transform Signal Hill from an oil town to one of California's finest communities that embraces both the residential and business communities. Ken has seen the City grow and improve greatly over his 19 year tenure. He helped guide the City through the "Great Recession" and continued to deliver quality services. Ken retires with thanks from the entire City of Signal Hill community. ■

- Re-circulating water is required for a water fountain or other decorative water features.
- Using water to wash or clean a vehicle is prohibited, except by a hand-held hose equipped with a positive self-closing water shut off nozzle or device. Take your car to the car wash. Car wash facilities recycle wash water.

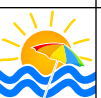

- Restaurants are prohibited from providing drinking water, unless the customer requests it.
- Washing down driveways or patios is prohibited.

Other things you can do:

- Take advantage of rebates to replace your lawn or parkway with drought tolerant landscaping. Links to rebate information can be found on

the City's website at www.cityofsignalhill.org.

- Limit showers to five minutes
- When waiting for the hot water to reach the faucet in the shower, collect the cold water in a bucket and use it to water potted plants.
- Share your water conservation ideas on the City of Signal Hill's Facebook page. ■

Award Corner

The Sustainable City Committee's **Sustainability Award** recognizes those who employ sustainable practices and have a positive environmental mentality. Awards are presented on a quarterly basis and so far this year have been presented to EDCO and the Ashworth family.

In January, Mayor Wilson presented the 2014 Sustainability Award to EDCO. Steve South, President and Chief Executive Officer, and Efrain Ramirez, Vice President and General Manager received the award for EDCO's state-of-the-art Household Hazardous Waste Collection Center. A newly produced short video about the program was shown at the meeting and can be viewed on the City's website. Select the tab for Household Hazardous and Electronic Waste for the link to the EDCO video.

The recycling program was established in 2013 in partnership with the County of Los Angeles and serves for the proper disposal of harmful waste products and household toxic items including e-waste, medicines, batteries, used motor oil, paints and other chemicals. The Household Hazardous Waste program is held on the 2nd Saturday of each month from 9:00 AM to 2:00 p.m. and is located at California Avenue and 28th Street. ■

In March, Mayor Wilson presented the Sustainability Award to Michael and Estelle Ashworth, owners of 2070 Raymond Avenue. Their residence was selected as the recipient of the award by the Sustainable City Committee for setting an example of landscaping that is both sustainable and well designed.

With the assistance of friends, they have created 3 additional outdoor living areas. About 25 yards of concrete, block walls and bricks, were removed from the yard along with overgrown vegetation. The front yard now includes decorative fencing, artificial turf, pavers and stones along with feather grass and succulents, a rock garden, and drip line irrigation and automated timers. The paved portion of the parkway has also been cleared and planted with low lying grasses and shrubs which allow for water percolation and help to create a healthy environment for street trees.

Congratulations to our award winners. Thank you for your contributions to our community! We invite Signal Hill residents or business owners to make nominations for the Sustainability and Beautification Awards. If you would like to nominate a property, visit the City's website at www.cityofsignalhill.org, select Department, then Community Development, and then the Award Programs page for a nomination form. ■

News in Brief

Transitions

Pilar Alcivar-McCoy is retiring as the Community Services Director in July after serving the City of Signal Hill for 5 years. Major accomplishments during her tenure

include the development of the City's first community garden, a new bathroom and fitness circuit loop at Reservoir Park in addition to working on the development of the View Park on Cherry Avenue at Burnett Street.

Pilar will be succeeded by Aly Mancini who has been serving as the Community Services Manager for the past five years and for the City of Signal Hill since

2006. Aly has been responsible for all of the City's recreation programs and events including the Library and afterschool childcare programs. Aly started in the profession over twenty years ago, working in the City of Carlsbad and then in the City of San Leandro. Please join us in congratulating Pilar on her retirement and Aly on her promotion to Community Services Director. ■

90th Anniversary

The City of Signal Hill was incorporated on April 14, 1924. To commemorate the City's 90th anniversary of incorporation last year, a visual display capturing the rich history of the City of Signal Hill from 1924 to 2014 was created. These historic panels will be available for viewing at the following events in the next few months.

- **Wednesday, July 22**
Summer Concert in the Park
Signal Hill Park, 2175 Cherry Avenue
- **Tuesday, August 4**
National Night Out
Signal Hill Park, 2175 Cherry Avenue

Following these events, they can be seen individually at various locations in the City including City Hall, Signal Hill Public Library, and Signal Hill Police Department. The historic display was made possible through the generous support of Signal Hill Petroleum. ■
