THANK YOU TO OUR 2020 HOMELESS COUNT VOLUNTEERS

The City extends its gratitude to the community volunteers who joined City staff and officers from the Signal Hill Police Department to participate in the annual Signal Hill/Greater Los Angeles Homeless Count in January.

The annual Homeless Count helps officials determine the number of homeless individuals and families on any given night in Los Angeles County. The Count is important because it raises awareness about the state of homelessness in the County, and helps bring vital community resources to where they're needed most. For more information on how you can help our homeless neighbors, and more information on the annual Homeless Count, visit <http://www.lahsa.org>.

NEW HOMELESS LIAISON OFFICER AT SIGNAL HILL POLICE DEPARTMENT

The Signal Hill Police Department is proud to announce its new Homeless Liaison Officer, Thomas Nadal. The Homeless Liaison Officer position was created with the intent to have a police officer solely assigned to address homelessness issues in and around the City.

Officer Nadal has been with the Signal Hill Police Department for five years. He is regularly out in the community interacting with homeless individuals, working to gain their trust and connect them with services and assistance. He works closely with agencies such as the Los Angeles Homeless Service Authority (LAHSA) and the Long Beach Multi-Service Center. These agencies and others offer housing, job placement, mental health treatment, and more.

Although these resources are available, there is a process involved with connecting an individual. It is not illegal to be homeless. Therefore, law enforcement cannot force people to use the available resources. However, officers do enforce laws pertaining to illegal camping, park hours, etc.

Please remember, if you need immediate police assistance, Signal Hill Police Dispatch operates 24/7 and can be reached at 562-989-7201.

BE COUNTED ✓

census.lacounty.gov

Be Counted: The Census counts ALL people who reside in the United States, regardless of citizenship or immigration status.

Get Ready for the 2020 Census – Coming in March

The U.S. Census is just around the corner – your invitation arrives in the mail this March!

What is the Census? The Census counts all people who reside in the U.S., regardless of citizenship or immigration status.

Why should I participate? A Census count is much more than statistics. Census data is used to determine where schools, roads, hospitals, child care centers, and senior centers should be built. Census data also determines how federal money will be distributed. This money directly impacts Los Angeles County residents like you, through public services including education, health care, senior nutrition, road repair, housing, and much more. Without an accurate count, we risk cuts to projects and programs important to our community. An accurate count also ensures fair political representation.

Who gets to see the data? The Census is completely confidential. Your responses are sealed and can only be used by the U.S. Census Bureau to produce statistics. No other government agency can see or use Census responses. Your response to the Census does not affect your eligibility for government benefits or assistance.

How can I participate? It is very important that everyone fills out the Census online, by mail, or by phone, before April 1. This is the first year that you can fill out the Census online – in 13 languages! Your invitation, arriving in March, will include instructions. This year, there will also be Census Action Kiosks, located across the County. These dedicated computer stations will allow you to fill out your Census on the go. Visit <http://census.la.county.gov> to find a Census Action Kiosk near you.

Anything else I should know? There may be potential scams that will try and appear to be legitimate Census efforts. The U.S. Census Bureau and its employees will never ask for a social security number, money or donations, political party affiliation, bank or credit card information, or your mother's maiden name.

It is important to respond by April 1! Households who have not responded to the Census by late April 2020 will be mailed a printed Census to return by mail. Households who do not respond to the Census after that will receive a visit from a Census worker. We hope you will join all of us and Be Counted.

VOTING SOLUTIONS FOR ALL PEOPLE (VSAP)

New Voting System Debuts in March

Beginning this March, voters in Los Angeles County will experience a new and improved voting experience. Here's what you need to know.

■ HOW YOU VOTE

The Ballot Marking Device uses technology to give voters an easy and accessible voting experience. You will make your selections electronically, with more than 30 languages to choose from. Accessibility is further enhanced

with audio ballot reading, advanced screen settings, and more. You will have multiple chances to correct errors or make changes to your selections. Once you've made your final selections, the Ballot Marking Device will then print out a paper ballot as your official submission, to ensure the security and integrity of the election.

The Interactive Sample Ballot will save you time at the polls. It is a digital sample ballot that you mark electronically on a smartphone, tablet or computer, prior to casting your ballot in-person. Your device will then

generate a unique QR code called the Poll Pass. You can bring your electronic Poll Pass to any vote center within the County and scan it right at the Ballot Marking Device. The Device will then generate all of your selections from the Interactive Sample Ballot and load them into the official ballot. You can then decide to make changes to your ballot, or submit as-is.

■ WHEN YOU VOTE

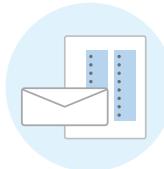

All Los Angeles County voters will be able to start voting in-person 10 days prior to Election Day. You will no longer be restricted to vote in-person on a single Tuesday.

■ WHERE YOU VOTE

You will be able to cast your ballot at any of the 1,000 vote centers located throughout the County within the 11-day voting period. Electronic Pollbooks available at each location will verify the registration eligibility of any County voter. Additionally, you will be able to register to vote and update your voter registration in-person at any vote center.

■ VOTE BY MAIL

If you prefer to Vote by Mail, you may have noticed the changes that rolled out to Vote by Mail in 2018. Vote by Mail ballots are now easier to understand and complete. Additionally, Vote by Mail voters are no longer required to pay for postage for their return envelope. If you prefer to drop off your Vote by Mail ballot in-person, you can do so at any vote center or drop-off location in the County.

THE PRESIDENTIAL PRIMARY ELECTION IS TUESDAY, MARCH 3

On Tuesday, March 3, voters will head to the polls to select their choice in the Presidential Primary Election. **The Signal Hill Public Library will serve as a Vote Center for this election. The Library's Community Room will be open for public voting from Saturday, February 29 – Monday, March 2 from 8:00 a.m. – 5:00 p.m., and Tuesday, March 3, with extended hours from 7:00 a.m. – 8:00 p.m.** Please visit <http://www.lavote.net> for updated election information and additional Vote Center locations.

PREPARING YARD WASTE FOR STREET SWEEPING

Did you know? After cleaning or sweeping your sidewalk, piling the debris and leaves in the street as pictured makes cleanup more difficult for the street sweeper. We ask that you scatter the leaves to make it easier for the sweeper to clean and collect the debris.

SAVE THE DATE: SPRING MAYOR'S CLEAN-UP

Stay tuned for upcoming dates for the Spring Mayor's Clean-Up. We hope to hold our next clean-up event sometime in May. For more information, please contact the Community Development Department at 562-989-7340.

Proof of City residency is required. In the event of major storm activity, additional sandbag stations may be deployed at different City sites. Call the Public Works Yard at 562-989-7250 for information on secondary locations.

LIVING WITH URBAN WILDLIFE – COYOTES IN SIGNAL HILL

Coyotes are a part of the ecosystem in Southern California and have flourished in recent years due to an abundance of resources provided by humans.

Coyotes are by nature fearful of humans. However, they are smart and resourceful. If they are given access to resources such as food, water, and shelter, they will lose that fear and caution. The following tips support community coyote management efforts:

- Remove easy access to resources. Remove all sources of water, food, and shelter from the exterior of your property. Make sure garbage is in tightly closed containers that cannot be tipped over, and even better, stored in the garage.
- Do not leave pets unattended outdoors. Always keep your pets on a short leash and stay close to them at all times when outside.
- If you see a coyote, one thing you can do is try to scare the animal away. This is called “hazing”. Yell, make as much noise as you can, throw rocks or small objects, and try to appear threatening. Continue to aggressively haze the coyote until it leaves your immediate area.
- Do not run away from the animal. Maintain eye contact, back away slowly and get to a safe place.

It's everyone's responsibility to help manage urban wildlife and mitigate conflict. We encourage you to work together with your neighbors to report coyote activity and follow the above tips. Coyote sightings can be reported via telephone or online.

Long Beach Animal Care Services (LBACS)

562-570-PETS (7387)

<http://longbeach.gov/acs/wildlife/coyote-report/>

<https://www.cityofsignalhill.org/animalcontrol>

Reports received by LBACS are reviewed daily, and updated on LBACS' Coyote Activity Map on a monthly basis.

Additionally, the California Department of Fish and Wildlife offers Wildlife Watch, a program which provides support and training to community groups to help them form a sustainable plan to manage urban wildlife. The Wildlife Watch program is similar to a Neighborhood Watch program. Interested residents receive training on coyote behavior and management from CDFW, then train their neighbors. This program empowers neighborhoods to proactively manage wildlife in their own area. If you are interested in forming a Wildlife Watch program in your neighborhood, please reach out to Signal Hill Police Lt. Kelli Crigler at 562-989-7210 to get started.

The fees are \$95 unaltered, \$20 altered, and \$25 late fee. Seniors (age 60+) have a discounted rate of \$10. This discount is for one altered dog per household only; all others are at regular rates.
