FOR IMMEDIATE RELEASE  
Thursday, January 6, 2022

Contact: Communications Specialist Cristina Bond  
562-708-1515

### IMPACTS TO CITY SERVICES DUE TO COVID-19 SURGE

Current community transmission of COVID-19 in L.A. County is extremely high. Please get a COVID-19 vaccine and booster dose if you are able, wear a well-fitting and high-quality mask when leaving home, keep your distance from others when possible, and frequently wash your hands. The City of Signal Hill is under the jurisdiction of the [L.A. County Department of Public Health](#) (LACDPH) and must follow all County, State and Federal orders.

#### **The City of Signal Hill is issuing the following updates and temporary modifications to City service operations, effective immediately:**

- The Signal Hill Public Library is temporarily pausing all in-person events and programs that require close contact and in-person gathering. The Library will remain open for regular business hours. All patrons must wear a mask (over the age of two) and stay distanced from other patrons not in their household when inside the Library. Patrons are encouraged to utilize the Library's collection of [digital resources](#), including the Library catalog, downloads, e-books, and more, available 24/7.
- Impacted programs and events include the following:
  - Active Adults in-person indoor events, including Senior Social Club
  - All Story Time programs
  - Homework Help, in-person computer assistance and all one-on-one services that require close contact
  - Teen programs, including Library Drop-In and Homework Help
  - January monthly events including First Friday Book Club, Anime at the Library, and Classic Films at the Library

For more information, please call the Library at 562-989-7323 or the Community Services Department at 562-989-7330.

#### **Impact on City Services**

Due to staffing impacts resulting from LACDPH quarantine protocols for symptomatic employees, additional City services may also be affected, including potential delays in service response times. Staffing levels will continue to be monitored and managed to maintain emergency response times. Details regarding any further impacts to City operations resulting in substantial public-facing impacts will be provided once available.

While City Hall remains open to the public at this time, the public is encouraged to take advantage of online and virtual resources:
