

# RESERVOIR PARK COMMUNITY OUTREACH

TELL US WHAT YOU WOULD LIKE AT RESERVOIR PARK!

The City of Signal Hill and the Los Cerritos Channel Watershed Management Group are responsible for the management of stormwater which requires improving quality through trash and pollutant removal. The City has an opportunity to enhance the water quality and reimagine the park's design through a grant funding source.

Scan this QR code to share your thoughts by taking our survey and learn about this grant funding opportunity to enhance your neighborhood park.

Open now through Friday, June 9.

You can also visit us online at:
