The City of Signal Hill

invites you to TAKE A WALK on the HILL. Enjoy the views and unique settings only Signal Hill can provide.

Grade Incline

Green	0	- 5% grade (wheelchair accessible)
Yellow	5%	- 15% grade - Moderate aerobic
Red	15%	- 25% grade - Cardio workout

Distance Covered

Each • (dot) on the map indicates a 1/16 mile increment. From your starting point, count the number of markers you will pass on your walk. Divide by 16 to find the number of miles.
For example 16 markers / 16 = 1 mile.
8 markers / 16 = .5 mile, etc...

Topographic Lines

The white lines in the background show elevation changes. Each line represents a 10' grade change. Travel over 5 of these lines and you have climbed 50 feet. Pacific Coast Hwy is apx 200' above sea level, and the highest point on the Hill is 360'.

Walkways & Trails

There is no vehicular traffic on walkways and trails shown with the dashed line.

Private walkways within the gated home developments are private property but are open to the public from sunrise to sunset. If you use these areas be respectful to the people who live there.

Keep dogs on leash at all times, and clean up after them.
